

JOIN DISNEY FRIENDS FOR CHANGE AND THE CENTER FOR CHILDHOOD CREATIVITY TO UNLOCK YOUR CREATIVE POTENTIAL THROUGH TANGRAMS!

## WHAT IS A TANGRAM?

A tangram is a traditional Chinese puzzle that can be fun, challenging and perfect for igniting creative thinking! Made up of 7 simple shapes, tangrams can be used to create thousands of different designs.

## THE RULES OF THE PUZZLE ARE SIMPLE:

1. Use all 7 pieces to create a picture or design.
2. The pieces must lie flat – and are not allowed to overlap.

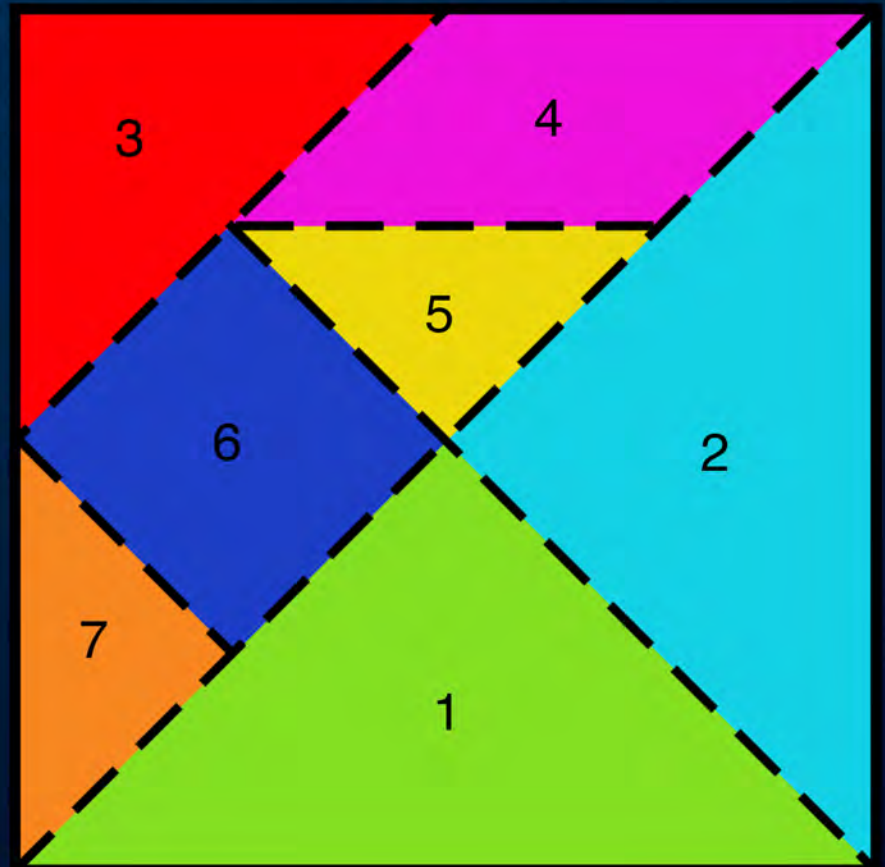

## HOW TO BEGIN!

Start by cutting out the tangram pieces to try and solve the designs below.

Rotate, flip and move the individual pieces to make the design and then see what you can create on your own!

CHALLENGE YOUR  
 FAMILY AND FRIENDS!

**UNLOCKING** CREATIVITY!

Puzzles like tangrams that have more than one solution can enhance imagination and flexible thinking because they encourage finding new ways to see things from different perspectives.

They are also a great way for friends, families, kids and adults to work together and discover unique and unexpected solutions.

Expand your imagination, grow creative problem-solving skills, and unlock innovative thinking to create many new pictures and designs.

Located at the Bay Area Discovery Museum, the Center for Childhood Creativity works to ignite and advance creative thinking for all children.
