

# MALEFICENT YOURSELF!

## YOU WILL NEED

Create a photo-prop station  
for your next party!

## DIRECTIONS

Have an adult help you with this activity!

### FOR THE HORNS AND LIPS:

1. Print out the horn and lip template pages.
2. Have an adult help you cut out each of the templates. For the horns, fold a piece of black construction paper in half, line up the template with the fold and cut along the edge. Align the lip template with red construction paper and cut along the dashed lines. To make these more rigid, you can glue two pieces of the construction paper together, back to back.
3. Use two black straws for each prop, tucking one into the other. Secure in the center of the straws with black tape, then tape to the edge of each prop.

### FOR THE BACKGROUND:

1. Print out all of the pages in this photo-prop pack.
2. Have an adult help you crop each page.
3. Follow the numbered instruction grid to align the pieces, then tape them together on pieced together poster board to make the photo-prop background.
4. Hang against a wall, add some lighting, and test the distance for your guests to stand to take the best photos!
